FRIDAY, OCTOBER 3, 1890.

everal of the Democrat e sachems were in the city last night. It is presumed they were holding a post morters on that homes movement with Mr Bass as chief mark's

If its plan is adopted to disfranchise ig
porance i will be permanently effective in
its operation. If it is meant o disfranchise complaxion it will, of course, be
operatize when the negroes are edgented. <u>mou/267</u>

The larki policy of the Cleveland admin-The lark policy of the Circlend manner. If the Ford conlinue to sindy the saturation paralyzed the energy of Americal columns of its Southern contemporaries it The McKinky bill, Tuesday's disputches

from England said, has paralyzed the energy of the manufacturers so that side Which condition of things does the American working men profer

henator Edmunds is quoted as saying that the Federal Election bill will pass at been hardly less remarkable in Congress that the restrict energy of the Sent than on the proving grounds at Annapol . Dividend necessary to modify the rules of the Sent The test ended last Monday and in about Bought ate. It ought to have passed the Senate forty-eight hours joint resolutions were at this session, there baying been no more important question pending before Congress than the free and borset election of which to make plates for our war shins 1 On Thu sday unanimous coment was ils own members.

given in the House to consider this mea-There is talk of a Democratic bolt in sure, which was pasted without a diesen nonth Caroline, and the friends of Tillman leig voice openly assert that it the negroes vote for the independent candidate "there will be more pegroes Lilied in November than the joint resolution originat og is the were killed to 1876." This threat is proj. House appropriating \$1,000,000 for the ed to Democ ace papers, and therefore purchas of nickel ore and alcied matte, must be taken as correctly reflecting the at the discretion of the Secretary of the Sizu sides in the state it is a brutal con-fession of the marderous methods con-previous request for delay, and said that ployed by the South Carolina Bourbons, his confidence in the head of the Navy Dedo not propose that the negroes shall partment would justify him in voting for youe even for a Democrat, unless it be one the resolution without further public ax planation The nickel is to be used in making nickel steel atmor plate for vessel-

Idalio starts on its career as a State with already authorized, or any that may here an excellent record. The election Wed- after be authorized to be constructed nesday resulted to a sweeping Republican The expediebty of making an immediate victor) on both the state and legislative appropriation for the purchase of nitkel lithets. The returns thus far received on was suggested to the Hou e Natal Comhe Congressional vote indicate a large in mittee last Tuesday by hecretary Tracyrease in the Republican majority over the day after the first armor-plate tests 1985. Dils result coming as it does the were made at Ar sapolis. On We locaday pentilay after the l'arid bil had passer. Mr Boutelle reported, and the House articule a stricing common ary on the passed, the resultion granting the aroney remotratic tail about the West being op posed to this legislation that Democratic friends are having bard luck this year Opensonia seem descendaed to repudiate all their predictions

The Boston Jamescry (a Washington con-respondent has a much better greep of the unanimous consent. This was the case estuation than the home editor has, as attness the fellowing

Speaker Reed is preparing to leave Wash Speaker feerd is preparing to live Wash engagements to speak in a number of districts. He uptends to exert his best itures to carry it majority in the next itures to carry it majority in the next iture. The presuge of his, brilliant carrier in graphing to successful by with the reactionary dourse of the Democrate minority dourse of the Democrate minority will add great indicates to his campaign work. The postponement of the proving the condition of the the next of the work of the session. It is received it to doubts and difficulties of earlying the reaction of the work of the session. It is received the doubts and difficulties of earlying the reactions of the session in with the settle of the work of the session.

The recent tests hold a Annapolis under the direction of Servicery Test; have fooling with the basis of singlest the direction of Servicery Test; have restricted to the last compates, but they have no idea of passing any tanis gamentum of Service and nuke! will with bill this year

The New Lord Heraid made the above com at shore fred from ex and eight tach statement some time ago. It was the Merguins than all steel plates of the mest im-all, we believe that said the philosophy proved kind while as compared with ordiof journalism is that 'every day has a to-morrow and nothing is of loss consequence oss. The tress signified were ext aordito the reader than yesterday," As the parity severe-more to, indeed, thankibose lar fi bill has just received the signature adopted by either the French or English of the President the paragraph quoted Governments. They were of jected to by shows how even tal this standard of jour-many of the officers of the naval board. naliser is to papers like the Herrid, whose baving the work to clining as un receieditorial predictions one day are usually early out of proportion to what the armor proved incorrect the next would have to bear against to satus war-

there is an amusing conflict going ou und the reen to have proved I is sagisfuly no r between the editorial and news to! The ordinary steel plates were act and the manufact the free trade organs. While the tirely, preses of them flying in different ed the of the New York Hernist, for in- directions, the improved seed places were stance, products all torte of thre calamities cracked from centre to corners in such a in this coupler as a result of the new tariff. Nay that Indias of their dent influence at law, its Manchester cablegrate reports another shot, while the nickel steel withthat the energy of the British manufact at and the shale, the logary being confoed tures 14 paraly red" and some of the firms to the indentations at the point of impact. tall of transferring their business to this From the action of the House seste day, country having representatives in the times be assumed that the Scoretary has his es at this moment to study the situs. decided to use the pickel steel pinter on tion, Now if our free trade contempor- the new crossers and perhaps the a mor will equare this panie to England belts for the new battle thips, Maine and with its statements that the twill is a tax. Texas, are to be pre-marel from the same upon the American consumer it will no material. This would account for the doubt confer a favor upon its readers

Referring to the attempt of the party organs to make capital out of the action of the live on the articopeat of the conicated election cases, the Brooklym Sandand I such says. The poverty of the Democratic model at this time is seen in the compleming that the Republican Rouse knocked our some of those who had been certified into teats by Democrati elerks Not only have the Democratic party forty Representatives who should be Republiones, but they gerrymandered fedena so that while the Republicans (arried the State in 1868 by 4 578, they sie ted but three of the ten Longiettmen, and the reform rascals have fixed up Ohio so that if the Republicant carry the State by 20 000 they can expect to elect but six Congressman out of twenty-one And these are e people who go around blubbering that they are not treated fairly

Bostop J urant wines . Wr Reed has agreed to speak in Connecticut and in thin and littoois' He has hitherto not epoken very whely to the different states ACCOUNTS A D CLAIMS. of the tolon but the ladications how are that he will be as active as possible between now and the time that the polls shall close cent Nevember 11e em into the campaign with the prestige of success which is very unusual in the Congressioni district which his represents in the State of Maine The official returns from the State of Maine have just been recrived here. Mr Reed has nearly doubled his plurality in an off year over the re-turns for the Presidential year. It is undeniable that the election in Maine has given great encouragement and great impelus to Republicans in all parts of the country Senator Chandler, who has recently cetureed from New Hampabire, said that there was very great despondency in that state prior to the Maloe dection, but now the Republicane are very entiredestic and do not for a moment contemp ato the passibility of a loss of the Legislature, which the Demecrats at one time were very consident that they should gain. summy who have recently returned here from visits to their districts say that the Republicans, everywhere they have been, are in the most excellent condition, and are very aggressive and confident of the resh t in the full elections.

The New York World is learning that there is a more problem in the South and that the talk about ignorant rate is a more cleak for the real purpose of the Boar been which is to maiotale control of the

Someres), l'eople in the vie alty of New Portland have recently been swindler by a man disming to represent a Boston "farmers' rupply house." His method was to accure orders and payment for goods which, when delivered, were found to be of foreits or quality and not as represented.

rior quality and not as represented.

A competition has been started in the liarmony schools for the best his o'cal acteth of the town. This is anothing the young idea to shoot at a practical target. The Dexter Aceter Airie results that a school exercise written by a Dexter girl is 1854 has passed into the permanent listorical love of the Lown and will be read and referred to as long as the town lasts.

At a special town meeting at Skowhogan last Sacurday, it was voted to raise \$1,500 to buy cobool books. This with the \$500 raised at the March mitting makes \$1,800, and with the sa arise of the school board of seven will amount to shoot \$2,500. The article on raising modey to construct a sewer from High street flows Churt to Water street was decided by a vote of eight in lavor and eight against its construction.

Washington. William Freeman, Esq., of Cherryfield, delivered an address before the National Farmers Convention at Council Bluff., Ia., a few days ago. Owing to ill health the Raw. F. L. Drew has been obliged to sever his connection with the Congregational charges as Blue-bil, after a pasionale of two and on-half

Schooner Lells Smith, 264 tons, was launched Monday, at East Bachler, by the builders, Pope, Harris & Co. She was lowed to Jonesport and loads for New York.

The Machias Union reports a smart buby at East Machias. Maggie, the three-year-old daughter of Nesson Ingalis, it, of this town, while at play, recently, fell into a well ten feet deep about ful of water. When found the wan just or a wild water. When found the wan just or a wild out. It is supposed the caught hold of the corb and so rates heres! out. When asked how she god out the said, "Maggie took berself out and won't go to grandens's well soy more."

well any more."

year.

fariel Smith, on oid gentlemen of baue, came very their meeting death while walking on the railroad fract. He was knooked down by the train, but was uniqued except a few brukes. The except was so narrow that he was white with fright when bailed up.

when helped up.

The first kite-thaped track proposed in Malue is in Standish, where B F. Chadbourse, Eng., the Biddelord lawyer, has a lot of land which he intends to devo a to that purpose. Mr. Chadbourse her already commenced operatives cocking to that end.
